DEER ~~Maynard Ministry News~~

Hi, my name is Wally, and on behalf of Whitetail deer everywhere I've secretly hijacked the Maynard's monthly newsletter to ask for your help with a matter of vital importance.

Normally, as the last week in September draws nearer we know that Jason would be digging out his camouflage scent-blocker clothes, tuning up his compound bow, and hanging his tree stands like the fearsome hunter that he is. We deer tremble at the very mention of his name. But at the end of last year's whitetail deer season we all breathed a HUGE sigh of relief because we had heard that the Maynards were leaving the country indefinitely and moving to Ecuador. We danced in the meadows, knowing that his last hunting season was over. We would now be safe from his arrows!

But now we have heard that there is the possibility that their departure may be delayed until January or longer because they are still lacking some support. And rest assured, if that happens, many of us will not live to see the new year.

Please, for the sake of my fellow whitetails and I won't you help make sure that the Maynards leave in August, so that this tragedy will not become reality? Please help us keep Jason out of the woods—help us send the entire family to language school and then Ecuador.

Currently, they still lack around **\$560 per month in support**, and also need **\$26,000** in their **one-time Outfit and Passage fund** to help get them there.

To begin supporting the Maynards, please download and submit the **Intention to Support form** to ABWE by visiting their website at:

One-time gifts towards their Outfit and Passage fund can be sent to:

ABWE, Account# 0133391 - O&P, PO Box 8585, Harrisburg, PA 17105

Whitetail deer everywhere will be forever grateful!
